Drug Name: A-HYDROCORT

How should I use this medicine?

This medicine is for injection or infusion into a vein, or for injection into a muscle. It is given by a health care professional in a hospital or clinic setting. Talk to your pediatrician regarding the use of this medicine in children. Special care may be needed.

Overdosage: If you think you have taken too much of this medicine contact a poison control center or emergency room at once.
NOTE: This medicine is only for you. Do not share this medicine with others.

Where should I keep my medicine?

This drug is given in a hospital or clinic and will not be stored at home.

NOTE: This sheet is a summary. It may not cover all possible information. If you have questions about this medicine, talk to your doctor, pharmacist, or health care provider.

What side effects may I notice from receiving this medicine?

Side effects that you should report to your doctor or health care professional as soon as possible:
allergic reactions like skin rash, itching or hives, swelling of the face, lips, or tongue
bloody or black, tarry stools
changes in vision
fever, sore throat, sneezing, cough, or other signs of infection, wounds that will not heal
frequent passing of urine
increased thirst
mental depression, mood swings, mistaken feelings of self importance or of being mistreated
pain in hips, back, ribs, arms, shoulders, or legs
severe stomach pain
swellings of feet or lower legs
unusually weak or tired
vomiting
Side effects that usually do not require medical attention (report to your doctor or health care professional if they continue or are bothersome):
headache
increased appetite
nausea
skin problems, acne, thin and shiny skin

This list may not describe all possible side effects. Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.
