2730 E.TREMONT AVE , BRONX , NY , 10461
Phone#: 7185975230 Fax#: 7185972886

Drug NDC: 00093-1016-01
Drug Name: NABUMETONE

How should I use this medicine?

Take this medicine by mouth with a full glass of water. Follow the directions on the prescription label. You can take it with or without food. If it upsets your stomach, take it with food. Try to not lie down for at least 10 minutes after you take this medicine. Take your medicine at regular intervals. Do not take your medicine more often than directed. Long term, continuous use may increase the risk of heart attack or stroke. A special MedGuide will be given to you by the pharmacist with each prescription and refill. Be sure to read this information carefully each time. Talk to your pediatrician regarding the use of this medicine in children. Special care may be needed.

Overdosage: If you think you have taken too much of this medicine contact a poison control center or emergency room at once. NOTE: This medicine is only for you. Do not share this medicine with others.

Where should I keep my medicine?

Keep out of the reach of children. Store at room temperature between 15 and 30 degrees C (59 and 86 degrees F). Keep container tightly closed. Throw away any unused medicine after the expiration date.

NOTE: This sheet is a summary. It may not cover all possible information. If you have questions about this medicine, talk to your doctor, pharmacist, or health care provider.

What side effects may I notice from receiving this medicine?

Side effects that you should report to your doctor or health care professional as soon as possible: black or bloody stools, blood in the urine or vomit, blurred vision, chest pain, difficulty breathing or wheezing, nausea or vomiting, skin rash, skin redness, blistering or peeling skin, hives, or itching, slurred speech or weakness on one side of the body, severe stomach pain, swelling of eyelids, throat, lips, unexplained weight gain or swelling, unusually weak or tired, yellowing of eyes or skin. Side effects that usually do not require medical attention (report to your doctor or health care professional if they continue or are bothersome): constipation or diarrhea, gas or heartburn.

This list may not describe all possible side effects. Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.
