

**FALAK PHARMACY****2730 E.TREMONT AVE , BRONX , NY , 10461****Phone#: 7185975230 Fax#: 7185972886****Drug NDC: 00603-4194-32****Drug Name: L-THYROXINE****How should I use this medicine?**

Take this medicine by mouth with plenty of water. It is best to take on an empty stomach, at least 30 minutes before or 2 hours after food. Follow the directions on the prescription label. Take at the same time each day. Do not take your medicine more often than directed. Contact your pediatrician regarding the use of this medicine in children. While this drug may be prescribed for children and infants as young as a few days of age for selected conditions, precautions do apply. For infants, you may crush the tablet and place in a small amount of (5-10 ml or 1 to 2 teaspoonfuls) of water, breast milk, or non-soy based infant formula. Do not mix with soy-based infant formula. Give as directed.

**Overdosage: If you think you have taken too much of this medicine contact a poison control center or emergency room at once.** NOTE: This medicine is only for you. Do not share this medicine with others.

**Where should I keep my medicine?**

Keep out of the reach of children. Store at room temperature between 15 and 30 degrees C (59 and 86 degrees F). Protect from light and moisture. Keep container tightly closed. Throw away any unused medicine after the expiration date.

**NOTE: This sheet is a summary. It may not cover all possible information. If you have questions about this medicine, talk to your doctor, pharmacist, or health care provider.**

**What side effects may I notice from receiving this medicine?**

Side effects that you should report to your doctor or health care professional as soon as possible: allergic reactions like skin rash, itching or hives, swelling of the face, lips, or tongue; anxious; breathing problems; changes in menstrual periods; chest pain; diarrhea; excessive sweating or intolerance to heat; fast or irregular heartbeat; leg cramps; nervousness; swelling of ankles, feet, or legs; tremors; trouble sleeping; vomiting. Side effects that usually do not require medical attention (report to your doctor or health care professional if they continue or are bothersome): changes in appetite; headache; irritable; nausea; weight loss.

**This list may not describe all possible side effects. Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.**
