Phone#: 7185975230 Fax#: 7185972886

Drug NDC: 44183-0362-87
Drug Name: Z-PAM

How should I use this medicine?

This medicine is for external use only. Do not take by mouth. Follow the directions on the prescription label. Wash your hands before and after use. Apply a thin film of medicine to the affected area. Do not cover with a bandage or dressing unless your doctor or health care professional tells you to. Do not use on healthy skin or over large areas of skin. Do not get this medicine in your eyes. If you do, rinse out with plenty of cool tap water. It is important not to use more medicine than prescribed. Do not use your medicine more often than directed. Do not use for more than 14 days.
Talk to your pediatrician regarding the use of this medicine in children. Special care may be needed. If applying this medicine to the diaper area of a child, do not cover with tight-fitting diapers or plastic pants. This may increase the amount of medicine that passes through the skin and increase the risk of serious side effects.
Elderly patients are more likely to have damaged skin through aging, and this may increase side effects. This medicine should only be used for brief periods and infrequently in older patients.

Overdosage: If you think you have taken too much of this medicine contact a poison control center or emergency room at once.
NOTE: This medicine is only for you. Do not share this medicine with others.

Where should I keep my medicine?

Keep out of the reach of children.
Store at room temperature between 15 and 30 degrees C (59 and 86 degrees F). Do not freeze. Throw away any unused medicine after the expiration date.

NOTE: This sheet is a summary. It may not cover all possible information. If you have questions about this medicine, talk to your doctor, pharmacist, or health care provider.

What side effects may I notice from receiving this medicine?

Side effects that you should report to your doctor or health care professional as soon as possible:
allergic reactions like skin rash, itching or hives, swelling of the face, lips, or tongue
dark red spots or bumps on the skin
lack of healing of skin
skin infection
skin irritation
thinning of the skin
Side effects that usually do not require medical attention (report to your doctor or health care professional if they continue or are bothersome):
burning or stinging sensation
dryness

This list may not describe all possible side effects. Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.
