**Drug NDC: 67386-0111-01**  
**Drug Name: SABRIL**

**How should I use this medicine?**

Take this medicine by mouth. This medicine may be taken with or without food. Follow the directions on the prescription label. Take your doses at regular intervals. Do not take your medicine more often than directed. Do not stop taking except on the advice of your doctor or health care professional. A special MedGuide will be given to you with each prescription and refill. Be sure to read this information carefully each time. Talk to your pediatrician regarding the use of this medicine in children. Special care may be needed.

**Overdosage: If you think you have taken too much of this medicine contact a poison control center or emergency room at once.**

**NOTE: This medicine is only for you. Do not share this medicine with others.**

**Where should I keep my medicine?**

Keep out of the reach of children. This medicine may cause accidental overdose and death if it taken by other adults, children, or pets. Mix any unused medicine with a substance like cat litter or coffee grounds. Then throw the medicine away in a sealed container like a sealed bag or a coffee can with a lid. Do not use the medicine after the expiration date. Store at room temperature between 20 and 25 degrees C (68 and 77 degrees F).

**NOTE: This sheet is a summary. It may not cover all possible information. If you have questions about this medicine, talk to your doctor, pharmacist, or health care provider.**

**What side effects may I notice from receiving this medicine?**

Side effects that you should report to your doctor or health care professional as soon as possible: allergic reactions like skin rash, itching or hives, swelling of the face, lips, or tongue; changes in vision such as blurred vision, double vision or eye movements you cannot control; fever or infection; joint pain; memory problems; numbness or tingling in feet or toes; seizures; suicidal thoughts or other mood changes; tremors; unusually weak or tired. Side effects that usually do not require medical attention (report to your doctor or health care professional if they continue or are bothersome): constipation; diarrhea; dizziness; drowsiness; headache; nausea; tiredness; weight gain.

**This list may not describe all possible side effects. Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.**
